

SPAULDING PUT BALL IN OFTEN

Easily Defeated Winooski High School by Score of 46 to 9

VISITORS WERE MUCH PUZZLED

Their Shots Were Long and, as the Score Shows, Ineffective

The Spaulding-Winooski basketball game played in the local school gymnasium last evening was one of the best games witnessed this season by fans regardless of the unbalanced score, which was 46 to 9 in Spaulding's favor. All during the two 20-minute periods both teams played fast ball. One might think, who was not well acquainted with them, that a large sum of money was at stake by the earnestness that was in the men.

Not until 8:30 did the visitors arrive in this city and before the whistle sounded the opening of the game, the hands of the watch had gone around the old path once more, making it then 9:30. In the meantime, that is, from 8 o'clock on, a group of picked students played the Spaulding second team just to entertain the ardent spectators until the Winooski players arrived. As soon as they could don their gymnasium togs Referee Bell started the feature game.

The first period: Polinger, after a few passes among the many players, succeeded in scoring a basket to the credit of the Winooski quintet. McHardy of Spaulding then came to the front with the first of several good shots. The ball, again in play, was jostled around the hall in a business-like style for Spaulding and they demonstrated some very snappy teamwork, constantly working toward their goal, with the result that either Lillie or McHardy caged the ball. The losers were puzzled by the home team's center, Lillie, who managed, with his long arms and height, to break up a great number of plays besides exhibiting some good scoring. The first period ended with the following score, Spaulding 20, visitors 7.

The second period: This time Winooski players came out with a strong determination to lead the lead of the visitors and showed much improvement in teamwork but because of their many long shots, only one of which added to their tally, could score little. In the last period Brown and Carpenter of Spaulding fought hard to hold down their opponents' credit marks and were equally successful. Kendrick and Scruggs were the stars for the opposing team and worked incessantly. Scruggs appeared at a disadvantage by not wearing suction shoes, falling several times when a pass would easily have meant a basket. It was in this period that both Carpenter and McHardy caged the ball from the center of the floor. Linenup:

Spaulding. Winooski.
Brown, rg.H. Polinger,
Carpenter, lg.C. Kendrick,
Lillie, c.C. Polinger,
Young, lf.R. Anger,
McHardy, rf.L. Scruggs

Baskets, McHardy 9, Lillie 7, Young 3, Carpenter 2, Kendrick 2. Polinger, Scruggs, timekeeper, Gordon, scorer, Wells.

S. H. S. BASEBALL SCHEDULE
Already Contains Six Dates and More Are Being Added.

The Spaulding baseball schedule now contains six dates for contests with teams in the Northern league and one with Montpelier seminary which is not a league team. Manager Morgan hopes to get five more games with the present number so that each week the team will play two games. Twelve games in all will be the complete schedule. The schedule to date reads as follows:
May 10—Burlington, at Barre.
May 17—Peoples academy, at Morrisville.
May 24—Peoples academy at Barre.
May 31—Burlington high school at Burlington.
June 7—Waterbury at Barre.
June 10—Montpelier seminary at Montpelier.
June 14—Waterbury at Waterbury.
Manager, Ronald Morgan; captain, Americo Polli.

BUILD SCHOOLHOUSES
In Some Places Children Are on Half-Time Schedule.

"Build schoolhouses," says Dr. P. P. Claxton, United States commissioner of education. "Previous to our entrance into the war we were spending in the United States a hundred million dollars a year on new schoolhouses, but at this rate we were in no wise supplying the need. Hundreds of thousands of children in the lower grades were on half-time attendance, and millions at graded schools in houses wholly unsuited to school use, according to modern standards—badly ventilated, poorly lighted, and otherwise unsanitary."

"For the two years of our participation in the war, schoolhouse building almost ceased, and there are now both the need of 1916 and the accumulated need of the two years of the war, larger than in normal times because of the unprecedented shifting of population."

"To supply these needs will require not less than five hundred million dollars of building, to be completed by the time of the opening of the schools in the fall of 1920. It is very important, therefore, that legislatures, county and city councils, and boards of education all over the United States immediately take the necessary steps for this building and for the raising of money necessary for it."

"If there be danger of an over-supply of labor during the period of demobilization and readjustment, and a consequent lack of employment for the men returning from the army and from the munition plants, such a schoolhouse building program will be no inconsiderable factor in the solution of this problem of employment."

"If such of the large amount of accumulated building materials of the war department as are suitable for school buildings can be had for this purpose, it may reduce the cost for raw material considerably."

"In view of the part which popular education must play in the new era, there can be little or no objection to any expenditures for building that may be necessary for the full efficiency of our school systems."

NEED THIS SPRING

Of a Good Tonic Medicine, Nerve Builder and Blood Purifier.

Is greater than ever before. The nervous strain, worry and anxiety caused by the war. The debilitating effects of the terrible influenza, grip and pneumonia. The depletion of the blood by indoor life in winter.

Have tremendously overdrawn the reserve strength of nearly every man and woman.

This makes the favorite spring medicine, Hood's Sarsaparilla, more of a necessity now than ever before.

For your impure, exhausted blood, and for that extreme tired feeling sure to come, prepare yourself now.

To-day begin to recover your lost strength by taking Hood's Sarsaparilla, the standard spring medicine and blood purifier, which creates a keen appetite, aids digestion and assimilation. Remember Hood's Pills if you need a mild laxative.—Adv.

Soft White Hands

Follow use of Cuticura Soap and Ointment. At night bathe them with the Soap and hot water. Dry and rub in the Ointment. Wear old gloves during night.

Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations. 25c everywhere.

50,000 VOLUNTEERS FOR A. E. F. WANTED

Men Will Relieve Those in Army of Occupation Who Want to Go Home.

Washington, D. C., March 29.—An immediate call for 50,000 volunteers for service in Europe has been prepared by the war department and probably will be published soon. As an incentive to enlistment the men will be offered early duty in France as a relief for men in the expeditionary forces who wish to return home.

WHAT GOOD IS WEALTH

If you are in poor health, if almost everything that you eat distresses you, frequent headaches, pains in the stomach, bad taste in the mouth, dark rings under the eyes, etc. The fact is, life is not worth living if you are a chronic sufferer from indigestion and biliousness.

When the stomach is out of order, the liver not working properly, your heart is obliged to do so much extra work, that it causes palpitation, faintness, and if not checked becomes dangerous.

To feel fresh and fit for your daily duties, you must keep your stomach well, your liver active, and the bowels regular; you can get into this healthy condition, by taking SEVEN BARKS; as a digestive tonic, and stomach remedy, it has no equal, and 50 years of continuous sale proves its wonderful merit.

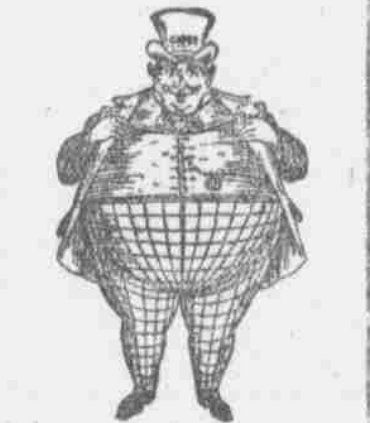

Get at the root of your indigestion and constipation trouble by driving all poisons out of your system for good. No matter how chronic your case is, you can get quick relief by taking nature's remedy, SEVEN BARKS; one bottle costing 50c will prove its value. After you have proven its wonderful efficiency, you will never be without it. Ask your druggist for it.—Adv.

MARSHFIELD

A good house for rent in the village, with barn or garage and garden. Inquire of Mrs. Grace Preston.

Be sure to call on your newsdealer or newsboy and place a regular order for the Boston Daily and Sunday Globe.

The steady increase in the circulation of the Daily and Sunday Globe is the talk of all New England.

Owing to the great demand for the Globe, to be sure of your copy of the paper, it is necessary that you order it regularly. Make the Globe your Boston newspaper.

N. E. HAD NO MEN ON LIST

And To-day's Total Casualties from War Zone Numbered Only 73

NINE MEN WERE KILLED IN ACTION

Eleven Died of Wounds and 20 Died of Disease Abroad

Washington, D. C., March 29.—To-day's casualty list contained 73 names, divided as follows: Killed in action, 9; died of wounds, 11; died of disease, 20; wounded (degree undetermined), 12; wounded slightly, 17; missing in action, 4.

There were no New England men included, for the first time since the casualty lists were first published.

EXPERT SUPERVISION OF TUBERCULOSIS CASES

Vermont Anti-Tuberculosis Association Will Begin State-wide Campaign in Rutland on April 1.

Burlington, March 29.—The plans of the Vermont Anti-Tuberculosis association, now formulated, provide for an expert supervision for every case of tuberculosis in the state of Vermont. The association is starting its new intensive campaign, which begins April 1, in Rutland, and it is to be carried through the entire state on three axioms.

First, that where they are children living in a home with an unsupervised, careless, open case of tuberculosis it is almost certain that those children will later come down with active tuberculosis.

Second, that if earlier cases are found in time and instructed as to proper treatment of getting rid of the infection and are encouraged to keep up this treatment by frequent visits from the public health nurse the case can be cured.

And third, that if children who have been exposed to tuberculosis are given special treatment to build up their resistance, they can overcome the infection.

Eventually the association expects to have enough tuberculosis nurses in the state to provide supervision and care for all cases of the disease.

INJUNCTION CONTINUED.

Master Will Be Selected to Hear Christian Science Squabble.

Boston, March 29.—The temporary injunction, issued on Tuesday, restraining the directors of the First Church of Christ, Scientists, from interfering with the trustees of the Christian Science publishing society in the discharge of their duties, was yesterday ordered continued pending a hearing on the merits of the case.

The construction of two trusts created by the late Mary Baker Eddy, founder of the church, is involved in this action, which was brought by the trustees of the publishing society in the form of a bill in equity.

After hearing brief arguments of at-

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

torneys, supreme Court Justice H. N. Bradley ordered the pleadings to be completed on or before April 4, after which a master will be appointed by the court to hear the facts unless counsel in the meantime agree upon a master.

Interesting Case of Miss Baird

Sick Four Years, Red Cross Worker Tells How She Got Well

The case of Miss G. I. Baird of 30 Glenville avenue, Allston, Mass., may bring new hope and health to other sufferers who have stomach worms and do not know what is the matter. A letter from this sufferer tells the story:

"I have been sick almost two years, had four doctors with little or no relief. Some of the doctors said I had enlarged liver, nervous indigestion, too much acid in my system. I was so tired in the morning it seemed as though I could not get dressed and get to work. I was growing thin every day, went from 135 to 111."

"I was so discouraged I didn't know what to do. One night about three weeks ago, I picked up a paper and saw your Dr. True's Elixir, Family Laxative and Worm Expeller, advertised. I made up my mind I had worms and the next day bought a small bottle of Dr. True's Elixir and took three teaspoonfuls until I had taken the bottle."

"I was surprised at the result, pinworms, some a finger long, so much slime, some that looked as though it was just the skin of worms. The day before I took Dr. True's Elixir I thought I should go wild with the crawling in my stomach. I could feel them. My stomach was sour all the time, and some days I could not retain what I ate, while other days I couldn't keep anything on my stomach. I coughed so just the minute I went to bed some nights I would not sleep more than one or two hours. The second dose stopped the crawling and the second night I didn't cough."

"I feel like a new person, all my friends say I look so much better, but I don't need to have them tell me, for I

know my feelings. I wouldn't have believed anyone could feel so much better in such a short time. I tell everyone I

VIENNA STRIKES ARE EXTENDED

So That Vienna Is Almost Cut Off from the Outside World—Holding Up of Food Trains Also Continues.

Copenhagen, March 29.—The strike in Austria was extended yesterday to the northern railway and as a consequence traffic between Vienna and the outside world is almost at a standstill, according to Vienna advices received here. It is said that if the holding up of food trains continues to-day, the bread ration will be reduced by one-half everywhere next week. Reports received here state that employees on the state railroads have also struck, but add that negotiations between the government and the railroad men's unions continue.

AMERICAN STEAMER SAPINERO TOWED IN

Was Disabled at Sea and Part of Her Cargo Was Jettisoned to Save Ship from Foundering.

London, March 29.—The American steamer Sapinero was towed into Plymouth on Friday evening after having been disabled at sea in a hurricane. A part of her cargo was jettisoned to save her from foundering.

The Sapinero is a United States shipping board steamer of 5,697 tons gross, completed at Hog Island this year. She sailed from Philadelphia on March 14 for Falmouth.

Woman Tells Her Troubles

Elizabeth Turner says: "I suffered for five years with indigestion and palpitation of the heart. I had catarrh and a bad bronchial cough, so I had to spit up mucous a good part of the time. I was bloated, had gas on my stomach, which caused me a great deal of suffering, and my kidneys bothered me so I would have to get up many times during the night. I also got very nervous with my trouble."

"One of the neighbors told me about Goldine, and I made up my mind to try it. I will gladly tell anyone what I think of Goldine."

The medicine mentioned in the above letter is made by Dr. J. F. True & Co., Auburn, Maine, and is called Dr. True's Elixir, the Family Laxative and Worm Expeller. On sale everywhere medicine is sold. Recommended by many druggists who have used it in their own families.—Adv.

A SURE WAY TO CUT YOUR SHOE EXPENSE

"It has been quite an expense to keep my boy in shoes because he is very hard on them. But since wearing shoes with Neolin Soles his shoe bill has been reduced 66 2/3%," says J. Allison Allen of Amity, Arkansas.

On the importance of Neolin Soles as a money saving factor there are thousands of parents who agree with Mr. Allen. Because Neolin Soles give extra wear where most shoes wear out quickest, they cut your shoe bills down.

Ask for Neolin-soled shoes when next new shoes are needed, either for yourself or for your children. You can get them at any good shoe store. And take your worn shoes to the repair shop and have them re-bottomed with Neolin Soles.

Remember—these soles are created by Science to be waterproof and comfortable, as well as long wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.
